2024 HHYC Cruiser Nav / Predicted Log Rally – Easy Entry

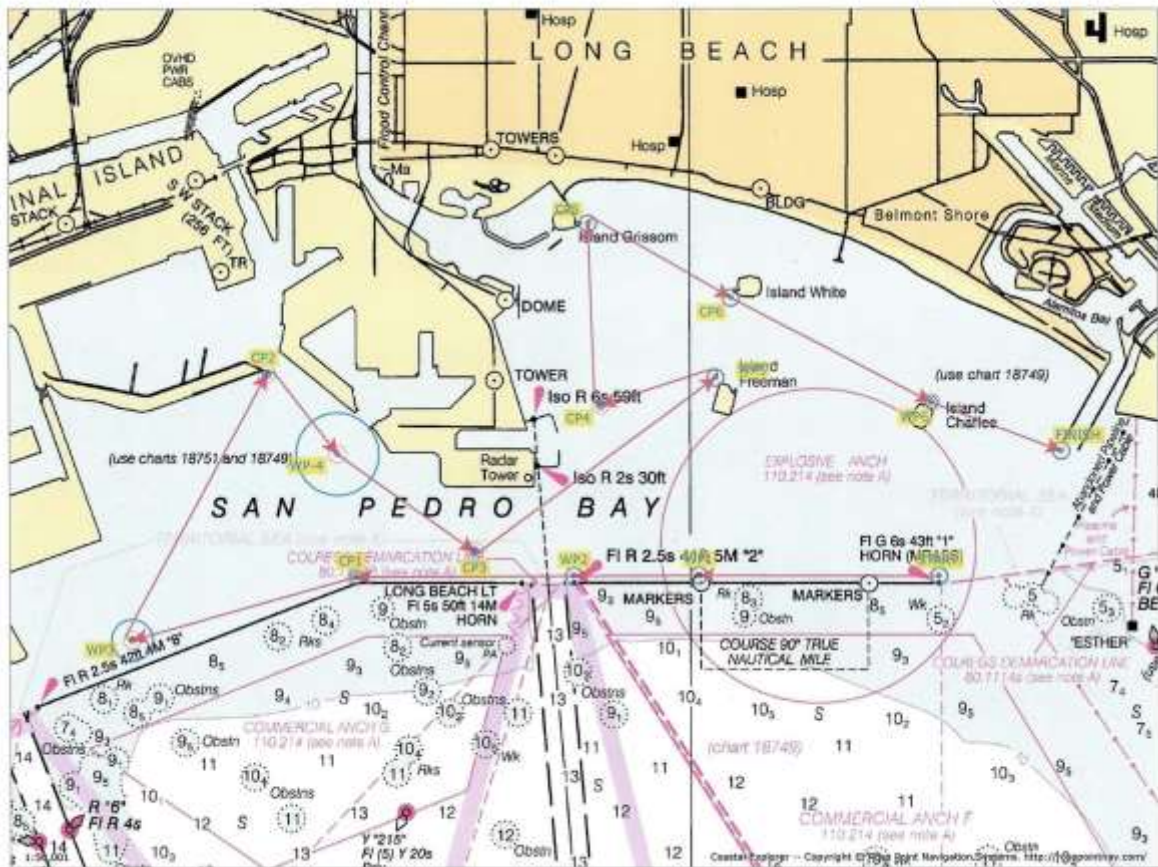

A special feature of this HHYC Season Closer Rally is the provision for Easy-Entry level skippers to enter without the need to run a measured mile in advance or prepare a predicted log! The course is just 15 miles entirely inside the LA/LB breakwater.

It's easy! All you need to do is submit the entry reservation and run the course. Call in advance and we'll answer any questions and even help you plan your run.

On Saturday morning - go to the start at the East end of the Long Beach Breakwater and start anytime before 11 and follow the course. Just run the course at the speed you normally cruise using your GPS to maintain that speed throughout the course - *note your intended speed on the Actual Log*. Your observer will record your clock-times on the Actual Log as you call MARK when you pass the course control points.

Once your Actual Log is submitted, the Committee will use the speed you chose to prepare a prediction for your boat then compute your score.

It's that simple! Come on out and join in the fun. You'll enjoy a nice cruise and have a chance of receiving a trophy at the HHYC awards dinner on Saturday night.
